

How do I update my institutional membership roster?

Note: Only the Key Contact for the institution has the ability to update the institutional membership roster. The Key Contact is also the individual who receives the annual renewal invoice. You can have up to 2 Key Contacts per institution.

Go to **SACRAO.org**. Login (your username is your email) in the upper right corner. If you have not set up a password, simply leave the fields blank and select Login.

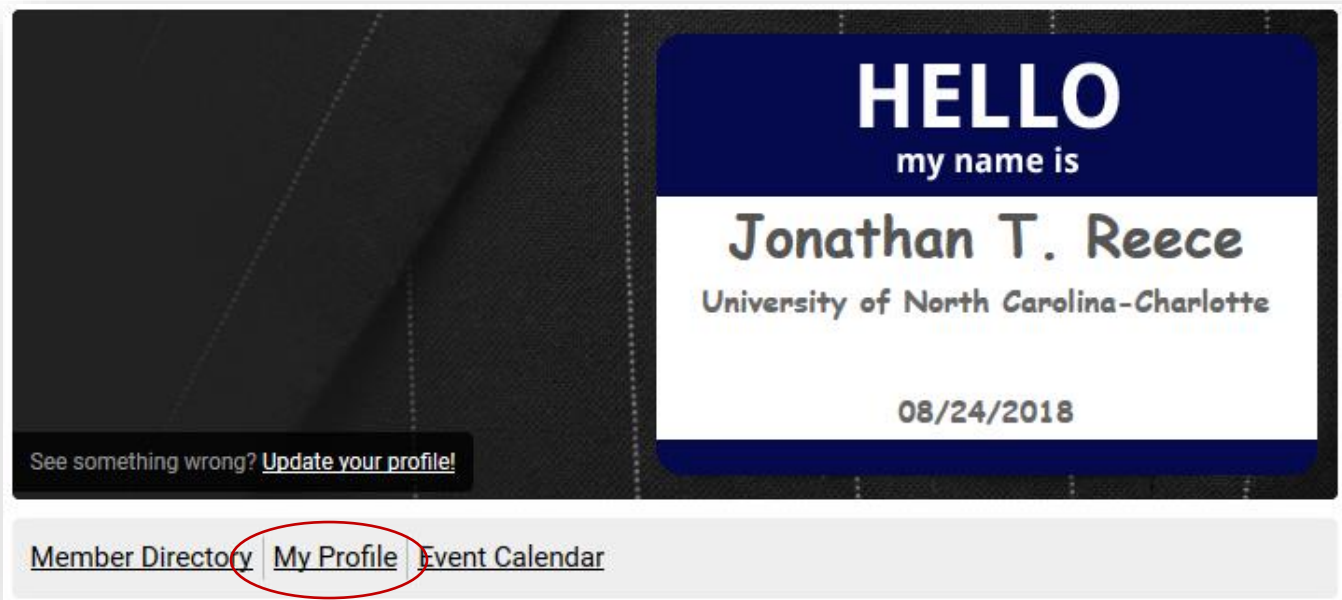

Username Password

Your username and/or password was incorrectly entered. Please try again.

[Member Directory](#) [My Profile](#) [Event Calendar](#)

Select **My Profile**.

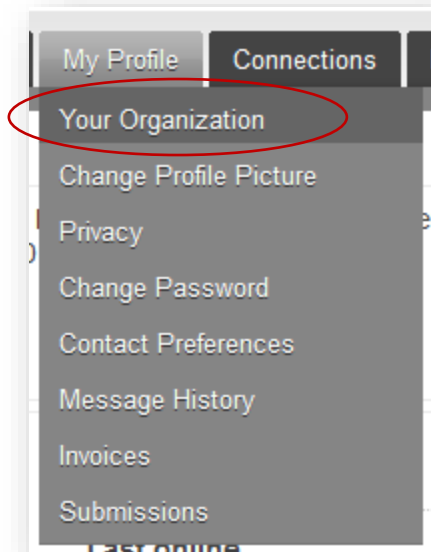

When your profile appears, you may choose to update your own profile information.

Home | 2020 Conference | About SACRAO | Get Involved | Membership | Resources | Directory

My Community | [My Profile](#) | Connections | My Features | Inbox | Search Directory | Quick Links

Hover over the **My Profile** tab again and select **Your Organization**. Now, your institutional profile is visible and editable.

Another smaller menu will appear. This menu provides an opportunity to update your institutional logo, contact preferences, review your message history, review and pay your invoice, and update your institutional rosters. Select **Individual Profiles**.

From here, you can **Unlink** any individuals who are no longer associated with your institution.

You can also make changes to your **institutional key contact**, by sliding the bar on or off.

And, you finally can add new individual members, by selecting **Create Linked Profile**. All you need to do this is a name and email. Username will also be the email. Once created, your new members can login and update their own profile.
